CAREMED
Community-based Approach for Resilient Mediterranean Health
CAREMED strengthens the resilience of Mediterranean health systems by shifting chronic care from hospital-centred to community-based approaches. It improves prevention, early detection, patient engagement, and chronic disease management, while fostering collaboration among health stakeholders across the Mediterranean to improve chronic care policies.
Its goal is to build a more equitable, resilient, and sustainable Mediterranean healthcare system.
Total budget
€ 2.8M
EU contribution
€ 2.4M (89%)
Project duration
36 months
